

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Weylin Makimetass

I've always been enamored with impressionism and abstract art since I can remember. I wanted to pay tribute to my first loves. There is something about the impasto texture that is intriguing. The movement of brushwork and painterly effects are dazzling. Abstract art in my opinion is the purest form of art since it expresses a quality apart from an object. Having only intrinsic form with little or no <sup>pictorial</sup> representation. In essence it is not copied and does not belong to the essential nature or constitution of a thing.
