

Artist Name: _____

Julie B. Lay

Thank you to PCAP for their support and encouragement of the visual arts. My prison time has given me the ability to explore many mediums of visual art. Acrylic, watercolor and my favorite... coffee. As an elementary student I took art classes but that ended about the 3rd grade. Music, middle school, high school, college, marriage, children eventually displaced my love of creating art. PCAP, WAA and valuing volunteers and friends (Susan Brown) reignited this love and I am so very grateful. I will continue the remainder of my time here but also at home to not lose what I know so very much love and appreciate.
