

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Sanchez

So this is my 3rd time in this exhibition but i've been a Artist for 30 yrs or so. i truly enjoy just being creative, honestly i had a troubled youth. grew up poor and Homeless with my mother, so my imagination was the only thing that was mine. i use to go <sup>to</sup> the library and look up books of available artists and study their styles. i was really into comic books in my younger years. ive bounced around through every kind of art and found theres no one specific area of Art i love most. my art is from the inside, how i feel in the moment, and it all kinda saved my life. gives me something to do, look forward to (Goals) and be proud of. So i just wanna be able <sup>to</sup> share that with others, inspire those who are lost, "without Growth there can be no change".
