

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Billie Tobler "Turbo"

I create art to express my creativity in many ways.

I like for my art to speak to the observer. It's a way for part of me to live on forever through the images that my talent is capable of manifesting. I do pencil work, air brush, painting as well as tattoos in my life.

My canvas have been many objects. I like working with mixed mediums the most.

In "The Conquerer" She look over her shoulder one last time before leaving for battle. In Burlesque I cleverly use feathers and other body parts to cover them modestly while still celebrating the beauty of the human body and while in motion.
