

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: David Lester

I Do all my art work on Black Back ground, So you can feel The Colors, and
Feel The Love That my paintings gave off. I Do lots of flowers and trees, ~~so~~

The Roses I Do was Because of a girl that I grow up with that I love so much, we
were Best friends, and grow to love each other, she was everything to me, and I was in love
with her, and her favort Flower was The Rose, After school we stay together and was going
to get married, she got my last Name tattoo on her and planing a family, and on 1999 on Oct
someone shot her, By misstuck, and I lost one person that I love so much, everytime
I paint a flower, or tree, It puts a great happiness in my Heart that "I Believe" that
she is with me. After her past, I was always in trouble, and never found love like
I have for her.

So Beauty can come to from Darkness, even when you feel alone,

Sorry for The sad story But That's what make me

paint my painting to feel like she is with me
