

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Amber Suggitt

I took a Printmaking class through PCAP in 2024 and fell utterly in love with it. The ephemeral nature of making prints, each one different from the next even though the same "stamp" was used, excites and also frustrates me. Like life itself, each print is a fleeting moment in time that can never be recreated, only remembered and enjoyed. The two prints I chose reflect my inner heart: nature (especially trees), and my parents (particularly the loss of them).
