

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Jimmié Reese

I would describe myself as a self-taught colorist. My subject matters are brought to life by using the boldest colors, to the softest hues, in many mediums. Immersing myself in how to best depict a peaceful landscape or to capture that brief moment of personality of people or animals, gives each piece of art a unique perspective. Capturing a snapshot of emotion in life is what defines my art, and when it connects with someone and brings them happiness, that snapshot of emotion has been captured.

Jimmié Reese
