

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Kimito 269

My art comes from the heart from ~~the~~ trials I've faced
in my life and it helps me cope I was taken from
my mother when I was 7 years so the piece named
Heart and Dagger depicts the pain that my mother
and I felt. Rose's and Ribbon is based ~~on~~
on how I felt when she came back in my life
and Three Faces is based on the three foster
homes I was in being so young and the things
I saw, heard, ^{or} spoke I still have nightmares every once
and a while to this day and I'm 23 years old
so drawing help me express what I've been through
in my life
