The Big House

Dear University of Michigan - Prison Creative Art Project.

I would like to first start out by thanking the university, as well as all of the volunteers, and staff who have dedicated their time and energy into this program. Through your generosity, you have allowed me, as well as countless inmates the opportunity and platform to express our artistic ability.

Being the new kid on the block this program has allowed me to realize the blessing, and importance that this program has afforded me the ability to channel my energy positively. When some society has written us off, and muffled our voice, this program revitalizes us and gives us hope and aspiration to do better. Your grace and mercy does not go unnoticed or unappreciated. I thank you all ~~one~~ once again from the bottom of my heart for all your thoughtful hearts and unconditional support.

"THE BIG HOUSE"

The Big House is the title of my project, and is approximately 13½ X 9 feet. It was crocheted using an (F) hook or 3.25mm. It took over 500 hrs to make. It has approximately 50 skeins of Wasted 8 yarn, with cleaning instructions attached. There are two pictures attached taken by our camera man. I hope that better pictures can be taken to properly show its size and color. If at all possible if there are better pictures taken could they be forwarded to me through or J-Ray system to be put in my portfolio.

Thank You
