

Artist Name:

Dante Dante

Dante Twice b/c I love my name.

This is my 1st and 2nd painting I've ever done for myself. No grid, just paint and an idea. "What if" is my favorite question to ask. So I ask what if through the paintings. The last installment to the "What if" series will be of dogs & cats with ppl on leashes.

Please don't be offended. I Am A MAN who has been to 3 different prisons for 3 different crimes. I lost all 3. What if the judicial system was all black? What if Black ppl was the majority and white ppl hung? What if I painted this picture in 1947?

I sometimes have a hard time expressing myself. There is too much going on. I just hope I pray I've found something that will keep me out of prison.
