This year I have to say good-bye to a Moniker that I have lived by since the age of 13. This is the last & final year that I intend to be a prisoner ... 30 years ago I was a 16 year old punk & a juvenile waiver case, now I am a 46 year old fighting for a final chance in society. I want to say "Thank You" to Bugg one last time, but not Good-Bye! I'll see you in Heaven my Friend! I'll be MR. HAPPY when we meet again ... I'm ready to say good-bye to MR Grumpy ... & that chapter of my life for GOOD!
