Cards + Cases, Lioness

Making Art has Always been A big part of my life. It gives me peace and serenity. I make A lot of different geo graphic Art. each one I make has A number on the back, that number is created by how many I've Already Done They are under I am machine, Not A lot of people can do what computers do. I see The Art in my head, so how I feel. There Are times where I feel like A machine when I work on that type of Art. All because everything is About numbers, Everything is created with a straight line.

The other Art I do is something that inspires, I created "Lioness" for women empowerment. It's All about women fighting for what is right. Equality, we Are All human we all were created equal, As No one should dictate otherwise. Women give life that's more powerful than Anything. without new life, then we All would become cannon fodder.

Thanks for being interested in my Art. live, love, laugh. ☺
