Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Chefelle Leeann

I Just learned how to draw a couple of months ago, I'm still a beginner of drawing. The name of my artwork is Elegant night because I dream of my freedom everyday, the stars is peace and the moon is Joy. I always say I don't know how to do this and that but what I've learned is I can do whatever my mind tells me and I never give up. It takes a lot of practice to become an artist and learn how to draw. I chose the colors red and black because red is my favorite color and it represent love, black represent night time when I'm dreaming because my dream will come true real soon. I made the bracelets because I love making art with colors.
