

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: William Green 671080

I ~~chose~~ chose Acrylic because I've been very fond of painting. I used to draw all the time I started drawing dinosaurs but now I enjoy painting just to see what I will create next.

I chose to make art because it relaxes me and I find people and family and friends enjoy the art work that I create. I started painting cards that I make and found paint was more vibrant then using color pencils so I switched.
