1932 Ford-Rat Rod

I build all of my cars out of paper and cardboard. If you get close they all have hand painted dash boards and gauges, Full interior, Shifter, steering wheel. The engine is fully painted with all the details from oil filter, Carburetor, fuel line, gas tank, water pump, Belts, Radiator. Transmission, Drive shaft, Complete rear end the car even Rolls. ~~A~~ The whole car is custom with custom paint jobs. You must see up close to really appreciate all the detail. Thank you for looking.
