

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Wrath "Patek" Widd

Experiences one endures as a youth plays a major part in one's development, often times we judge without any knowledge of one's past or present: absolutely no thought or concern for the individual's future. Wrath "Patek" Widd isn't just any name, it is a idea of a world created inside the mind of a person that faces many judgment's. I just wanted to finally introduce, unshield, & unveil just a glimpse into my world in order that the next time my actions & statements are judged, it is, at least, fairly. Fore to view my artwork is to view me raw & undisturbed.
