

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Adonis A Frye

I love Abstract painting so it would only be right of me to create them. This whole world and Universe is built up of energy and I try to capture pieces of it.

Most of my paintings are done with using rags or things other than brushes. Abstract Soul is my only painting done with a brush and only one. The most painting I do is on the arms of glasses, yes I do Abstract painting that small! In prison some people like to stand out with their glasses.
