Drowning in a Sea of Tears, The NEW Trickle Down Economics... AKA Democratic Socialism

This year was a struggle creatively as I spent it in the Prison Fellowship Faith based (Christian) unit & was unable to find inspiration on a regular basis. Most of my inspiration comes from lyrics in my music I listen to as well as the ideas people give me to draw & tattoo things for them. Being in that unit, I was unable to tattoo and risk getting kicked out.

Now that I'm done, and my out date is next year, hopefully I'll be able to attend next year. Hopefully, enjoy every ones work.

Respectfully
