

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Steven McLog, or Steve

I'm a individual of native american heritage and come from a family who has love for the land, people, and life of all living things. I've always been artistic and remember drawing a simi truck on the chuck board at age 5 and building things out of whatever I have at hand, I've even design and build my own one person Hum buggie out in the world,. But any-ways. I have always enjoyed doing art work, its the one thing that keeps me and my mind clam and at pease which helps me live during this time of prison life. I'll have many more art works to show with P.C.A.P. and will try to expand my creativeness to the outter limits of my abilities.

Thank You everyone at P.C.A.P. Steve
