

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Steve "HYDE" Young

I find a lot of peace and joy in creating art and appreciation of the work involved when looking at my and others finished products. The response from others appreciating and enjoying my art is a definite drive for me to continue to push myself to get better and work on unfamiliar subjects.

I'm thankful to all who have provided for my art to become what it is today including the opportunity to participate in PCAP a great motivation and outlet.

Being in Prison doesn't have to be all negative, not all of us in prison are monsters and love is truly universal. Peace, love and blessings
