

The Feather Quill Brush

3

I WAS WALKING outside I seen a group of Birds
BY ALL OF A SUDDEN A Feather droped Right in Front
me it Reminded me of a old school Quill Pen so I
had A Brush out of it

OCTOBER VERSE PAINTING

1

This one of a kind masterpiece
has been carefully crafted to perfection
over a 280 day period by extraction
of ink out of magazines by using under arm
deodorant as a solvent to extract ink then
I take baby powder and the ink combine them
in a spoon and cook it in the microwave to
harden the ink into mag shift color pencils.
I don't have any family in the world to help
with money so I can buy color pencils or other
hobby craft materials so I made it work.
With hard work and a positive mind and the
materials I had around me I hope you enjoy
this art as much as I did in the process of

Building this
