

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Lamont Williams (vision)

I found my new passion for drawing portraits almost Three years ago during Covid. Experiencing so much pain, depression, and anxiety I was searching for a way to Cope with the new world I was living in. I discovered that drawing gave me so much inner Peace. It gave me a healthy way of escaping the Cares of the world. I found myself drawing how I was feeling in the moment. For example (Woman in the mirror) was a place of feeling depressed, where she stares at the mirror feeling lost and alone not knowing that on the other side of the mirror was Love, Joy, Hope, and Peace.
