

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Tony "Blackbeard" Molski

I started my drawings as a way to escape my current circumstances and to help pass the time. Several guys have helped me over the last 5 years to improve my shading and style and to see things and put them down on paper. I learned this style from some other artists that I liked and try to mimic their style and adapt it to my own unique art.
