

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Diego M. Gonzalez

"ART" Humanities Universal language.

Effortlessly spoken and easily understood.

I speak in this language to all willing and able.

Using its infinite potential to identify and possibly fill some of life's voids.

In hopes of providing all tools needed to obtain our own versions of happiness.

I consider my style NEO-CLASSICISM.

I love converting traditional into modern, while maintaining the history and original purpose.
