

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: David Sanders EL

As an artist I am grateful for programs like PCAP. Over my years of participating, I've done a few different types of pieces. However, last year's sculpture of black penitents really challenged me. Especially with the medium I chose to work with. (Soap). 3D art may not be as popular as others, but I enjoy the feedback. This is why I felt that this year something more colorful, educational and stand outish would be the best route. I hope my art shows that you don't always have to take the same path as others to create beautiful artwork. May you all enjoy.
