

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Kevin Smith

I've been drawing and creating art since I was in first grade. Over the years, I've used whatever I could get my hands on to do my art - Chalk, Crayons, ink, Colored pencils, markers, paint - Even regular pencils. Lately, my art has been inspired by my children. I make pieces that would interest them. The boxes I've created represent a progression of beauty and love. Opening one beautiful package leads to even more. I created each box. That is limitless and continues as long as our imagination soars. So even one box is filled with surprise, wonder and unlimited potential. I call it "The Gift that keeps on giving."
