

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Joseph Green

As a innocent man, I've found purpose by doing art. I was able to start a Blog called, "Thoughts Beyond The Wall.com" to give those incarcerated a platform to share their voice, talent and art. T.B.T.W is a podcast that I also started to give society a inside look into prison. To allow society to see that not All prisoners are convicts. Many men in here strive to see thier light shine bright. I want to be apart of this process and journey.
