

Julio Ponce #584547

~~Julio Ponce~~
~~Julio Ponce~~

Hello my name is Julio Ponce, the project that I participated the year before was Spring Butterflies.

- And for this year I did a similar project utilizing pieces of paper to make sticks instead of using wood.

In this manner I'm try to recycle old paper to help the environment.

It's a little harder to do it in this method but it feels better to do it this way to contribute to a greener Earth.

The project that I present now is a jewelry box. With this I want to represent my ~~roots~~ Aztec roots.

And that's why this project is called (AZTEC IS MY ROOTS).

My second project is done of paper, glue, mesh pad, paint and natural hair. It's in the image of Jesus Christ. I forgot I used a couple of popsicle stick and barnish.

This second project is called (JESUS)

Thank you for your time and letting me participate with my projects. Thank you for the opportunity and God bless you.
