~~the~~ The world has the wrong view of what Islam is. The media only shows people doing bad things, and blaming Islam for it. I did this painting to show the beauty of what Islam is all about. which is to worship one God who created us. And not to ^{put other as} ~~partners~~ partners with him. Islam is the key to world peace.

In this painting I used acrylic paint on canvas board. The Arabic is done in felt pen. it is the last three chapters of the Quran
