

Artist Name:

Onaga (Big Drip)

PCAP Medallion Blue: This vision of mines, is my view of what I see PCAP is to the controversies they face helping us. I see them as lions in person and everyone feels fear coming into physical contact with them. The Medallion part is the crown like an ornament worn on a rap artist chain.

Sixteen Barz: This piece is my view on ~~what~~^{were} I see the rap game is. Its my vision on what beautiful music looks like in any field and what it looks like when it starts to fall apart. The 3 Gold Barz represents the powerful effect music is and can be. This piece is ment to be viewed only in smooth settings of music to enjoy its full potential. Such as some Kenny G., Gerry Rafferty, or some other smooth musical artists.
