Beauty of the Beast

My artwork comes from a place within that is neither positive or negative but is a harmony of all I am and been through. After nearly 15yrs of Prison I am lost except when I am engaged in my artwork, Only then do I feel human and not singled out as a no good to society. Thank You PCAP for being my outlet to express myself to a world of people who actually care about those of us away behind the Gates of Prison. My Deepest Love goes to "Buzz", you did what only few will. You believed in us in here. Thank You "Buzz!!"
Rest in Peace GOD Bless Buzz and Family.
