

Artist Name: -SALTY-

Thanks For checking out my Artwork. This is my second time participating in PCAP and it is a great experience. I have only been creating for about 3½ years. I always wanted to but didn't believe I had the talent. Then, a few years ago, I participated in a student run art class and took off from there. Now I create items for family members mostly. Over all I enjoy drawing because it is a huge release and a productive way to spend my time. Creatively, I draw in spircation from all around but currently I focus mainly on nature.

Thanks again for allowing me to attend!
