

Artist Name: King of the Desert

To begin, I chose the name of K.O.D. as a similitude of my last of every thing in life. But, it also represents what can be - as a blank canvas. The mind is an incredible gift and creative, when used to display the world and all of its beauty, truths, and that makes it great!

The picture represents a person's joy of Freedom and it's possibilities. Do not take your life for granted.
