

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Timothy Edward Forstree (TEF)

This is only my second year of having the opportunity to express my passion for nature, and creating these pieces. Thank you again I'm honored, and humbled I first got into this during the Covid era, then I just kept coming up with ideas, as I walked around the yard picking unique flowers as they have an extensive horticulture program here, it often makes me forget where I'm at, if that makes any sense to you? My Dad was an avid gardener, so it brings back those fond memories that we once shared together. He always instilled the fact that God made it possible to see, and enjoy all the beautiful parts of nature, and to always be thankful for them. I can only hope that others will enjoy, and get as much joy out of my art, as I have creating them.

Thanks for your time
