My creative process is my feelings of how I feel, I'll find you, Paralyzed: Here's My Heart, and Need You Now. Was brought to life from the trauma when I was five. These three pieces are a series a stage in my life searching for the real me.

I'll Find You - So how my life felt, "Abandoned" growing up I knew about ~~god~~ God I just could feel Him and understand why the trauma at five years old.

Paralyzed: Here's My Heart - My young self holds me to comfort me as I as well hold him (me) cause we are all we have is each other cause of trauma.

Need You Now - As much as I am getting to know Jesus I still feel broken in side and Jesus is trying to heal me from trauma and losing my 2 babies.

Tierra Mexicana - As the Aztec/Mexican women are the best part of us men and the mother of the land we called home. From these ~~was~~ strange women we came.
