

Artist Name: Dario Cruz

The "don't cry for me, ride for me" piece is for all the women in my life who have held me down. My mom, sisters and friends have made sure I wasn't forgotten over the past 25 years. God has blessed me.

The "shadow Step" shirt is inspired by a Mentoring program I was in that absolutely changed my life. A shout out to the fellas at Macomb.

I do a lot of my art to show appreciation to people. I don't have money so I do it from the heart. Art has helped me get by in here and it's a great feeling when you capture some ones loved one in a portrait and the smile they give you.

I hope people know what a lot of go through when it comes to how we get to do art in here. Me personally I work with what I can get and try to make the best of it. I just hope you guys like it. 😊
