

Hello,

My name is Larry D. Cowan. However, I go by the name Boogie w/ the Bible (B.W.B.B.). I am not a painter. Despite this, I am learning. During Covid, I was spending time w/ people and sharing the gospel of Jesus Christ. The men that I began to study the Bible w/ through crossroads were consistent in studying weekly. They also painted different portraits every day. I did not desire for us to only meet to study. So, I decided to paint w/ them. They provided me with supplies at first. Once we received the stimulus money, I was able to buy my own supplies. Even though I am in Hope College now, and do not have a lot of time to paint, I finished this painting. I still see the gentlemen from time to time because we are in different units. I thank them for the time and effort that we have poured into each other.
