11-11-23

DEAR MA'AM/SIR,

This is my third year of being in your program. Thank you again for allowing me to show my work. Obviously the feedback, and interest from the curators means everything. But reading that response from the lady that was gracious enough to buy two of my pieces, and how she couldn't wait to get them home and hang them on her wall. Then to add every time she looks at them they bring her peace was the best. I'm so looking forward to sharing my creativity with many others in the future. I continue to strive and always keep every one I make like no others. I've even more recently made some of them larger with hopes to display more detail. I was a little anxious this year after learning that due to the greenhouse being damaged last winter all the flowers had to be grown outdoors from seed. But I was blessed by the horticulture tutors, and students that I had gotten to know over the years with an abundance of flowers. I can't wait to continue my craft once I leave here. I'm excited to have access to more varieties of flowers, growing my own even. So any contacts you may have such as arts and craft shows, exhibits I would be eternally grateful for. Thank you again for another opportunity. I pray for all your safe travels. God Bless you...

Sincerely

Timothy E. Forshee
