

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Bishop

Hello viewers, I drew this piece because the artist and singer have something in common. She ~~expresses~~ ^{expresses} love, wanting happiness for self and others. Although I am incarcerated I see a bigger picture. Most of all she expresses no more drama in her life. I want the same. I want people to see the artist for who I really am and not what got me where I am now. I was the glue to a family of my mother and 4 other siblings and with me being away they to see that love and support so I do what I love to do, draw and make people and things look good to atleast put a smile on my face and others plus speak through my work so I really hope you like or love my work. Thanks for your time God Bless
