Tenderness, God's Two Greatest Creations

This year's submissions are a complete departure from my usual artistic fare, both subject and media wise.

Political and social commentary have been my typical choice of subject/topic and for the majority of my PCAP submissions. Acrylic paint has been sole medium since my first show in 2008.

God's Two Greatest Creations is a watercolor and acrylic piece expressing an appreciation and respect for Mother Earth and women. Tenderness ~~is~~ is an ink drawing to appease my desire to create beautiful art.

Please enjoy both!
