

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Peter Versluys

My art work is usually drawing portraits of people or animals. But lately I have been doing what I like to call "one line". This is where I do a drawing just using one line. A lot of times you really have to take a good look to see what it is. Last year I did a one line drawing of a face. I want my art to be different. As the art world call it, abstract. I always love doing drawing using different media, like pen and ink. While most of my drawings is done in graphite I like to switch it up a bit. This year I chose to do both. I hope you enjoy it.
