

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Deonta Moffett - AKA - "Tae"

I hope other people will understand that art isn't just shapes, and colors it's more of a way to relate, cope, and express yourself with all situations life comes with. Sometimes art can help when you think others can't or won't. For me art relates to everyone regardless of how ~~different~~ distant we are. I just hope you all see that no matter how low life can be it's always a blank canvas to create something more liveable to you. "Art is in the eye of the beholder" - Some famous dude
