

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Mike - Mike

10-11-21

I choose to do Art, because it's something that I really love to do. I love the fact that I can draw something, and when I put my own creativity to the drawings, and details, and the colors, I love to show off my work. It makes me feel awesome, to have taken the time out in prison and learn something that's not only positive, but ~~also~~ breeds out the new me. "Even though I'm in the same body." I chose K911 Covid, to be my #1 Art piece, because it represents all the people famished and the skeleton represents the people as well as the flag represents us, "Americans", and our every day real life struggles, including the every-day topic, "Covid-19." The needle and syringe represent the vaccine and were gonna cure the whole world.
