The Art work with the two hands is a imagine of love, perfection an Ever-lasting Bondge that Can never feel a broken moment. This imagine is meant to give the Eye of the viewer a Chance to Create their own feeling an to be apart of Such vision.

The Art "Do Right by her." is simply two people lost in heaven with only a few min left, The moment is actually pure Bliss.

The Art of the Side view of this Man an Doves, is meant give a person the Chance to put their own twist to it, but its more so like an Album Cover in a way!
