

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: DANNY MOORE

I named these ~~some~~ pieces as you can see as I created them I hope you'll enjoy, these items as much as I did making them. Ever since I started crocheting in 2019, to help supplement my Mum's income down in Florida, I enjoyed challenging myself in the creation department. I've had my Mum send me pictures of things she'd like me to crochet. I would then write down the patterns as I went, so to pattern and hopefully publish them at a later date once I released and home with my Mum & Dad. Every thing I made I would send home so my Mum could sell at her craft shows to help her out. Yet ever since COVID-19 touched down in America, she hasn't been able to do the shows, I still design items and try to sell them and send home what I make. Her, comfort means every thing to me, for she gave me life. God Bless. ¹⁰
