

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Ricky Preston #382202

I don't usually get into politics, Cause its just not me, but hundreds of good men, and women died in 2021 alone, And Nothing was done About it, And it was barely mentioned. Hundreds of Michigan inmates lost their lives to a extra judicial death sentence, And that was just in michigan, Just imagine How many there were worldwide in the prison system. I know Covid has affected everyone, Not just us, but we recieve no help, or hospital treatment. 99% of the inmates who catch it get prescribed Tylenol, Vitamins, and get put in solitary confinement/The hole, To heal or die. I know we've committed crimes, And were paying our price. But aren't we americans too?
