

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Brandon "Cow Boy" Thompson

Beauty in nature, provided by our creator. When I create carvings, it takes my mind to a place outside the walls and where I find peace of that mind. I also hope that others can enjoy my work. I choose family friendly themes, because I feel we as prisoners have a undeserved reputation as hardened criminals that may be hopeless. I find my hope in nature, and express it through art. We are not damaged beyond repair. Thank you all for allowing us to express our true nature.
