

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Ashton Painter #608392

For me when I make art or when I am creative this is an outlet for me. Sometimes I paint or at other times I write poetry, and afterwards I always feel better. I guess when I'm being creative it's like therapy for me. Some of my poetry has been published in the NLA news letter. I am very proud of myself. I grew in Detroit, all my life I did something creative to make myself feel good and as therapy. Thank you for an opportunity.
