

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Felicia Hale

My pieces are like the women that I am around on a daily basis. We are all different but also the same in many ways. Although, we have been beaten by the mistakes that we have made we are not broken by them. The weather may change but we learn how to adapt to it. We have fallible because we are human. We fall but we get back up and we are all beautiful.
