

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: MARCUS HARRISON (GUSTO)

I've been drawing ~~pretty~~<sup>pretty</sup> much my entire life, I should've been better at it but I stopped for awhile to try and find me, it's safe to say that art was what I was missing. Art it's so fun, it helps me be a better person, father, friend and son. It helps with the time also, and it gives others hope. Trying to create these pieces was something different it wasn't hard but slightly strange. Honestly I don't even know what my style is but I like it and hope other's will also. Most of my pieces are based on things that have happened and have effected the world as a whole. When you look at my art put yourself in my shoes... Thank you.
